

## **American Friends Offers Cross-Border Conservation Workshop**

The American Friends of Canadian Land Trusts will be presenting a cross-border conservation workshop at the Canadian Land Trust Alliance Conference in Banff, Alberta.

Workshop:

### **American Friends of Canadian Land Trusts—New Opportunities For Cross-Border Conservation**

**Presenter: Bonnie Sutherland**

**When: Thursday, Sept 30 at 10:40-12:00**

**Where: Banff Centre (Banff, Alberta)**

**Visit [www.clta.ca](http://www.clta.ca) to register.**

The workshop will provide an overview of cross-border conservation issues, American Friends' conservation programs that bring funding to Canadian land trusts, and that help in protecting land in Canada owned by U.S. taxpayers. The workshop will provide plenty of opportunity for questions and discussion about specifics on getting your land trust started in partnering with American Friends to achieve your conservation vision.

American Friends will also be attending and presenting a workshop at the OLTA conference at the end of September (2010). Visit [www.olta.ca](http://www.olta.ca) for more information about the conference.
