

HOW MONTHLY DONATIONS BENEFIT YOU:

- It's easy. You just sign up once and we take care of the rest.
- It helps with budgeting. Your donations are spread over the year rather than one or a few large gifts, and they come directly from your bank account.
- It's convenient—you only receive one tax receipt each year for your total monthly donations.
- It's flexible. You can cancel, increase, decrease or pause your monthly gifts at any time.
- You can easily add extra donations for special campaigns or projects at any time.
- You'll receive news updates on how your contribution is making a difference.
- You become an active player in land conservation in our province. Every month you are helping to protect more land.
- As a Conservation Guardians Club member, you will receive a special Nature Trust gift.

Nova Scotia Nature Trust
is a charity dedicated
to protecting Nova Scotia's
outstanding natural areas...
before it is too late.

MONTHLY DONOR PROGRAM

A special way for your dollar to
work harder to preserve Nova
Scotia's natural legacy.

The Nature Trust works in
partnership with landowners
to protect and steward
places Nova Scotians love, from
towering old growth forests
to coastal wilderness, wetlands and fresh-
water lakes and rivers.

MAKE YOUR DOLLAR WORK HARDER TO PRESERVE NOVA SCOTIA'S NATURAL LEGACY BY JOINING THE NATURE TRUST'S MONTHLY GIVING PROGRAM — PROVIDING STEADY, RELIABLE, COST-EFFECTIVE FUNDING.

Donating monthly helps the Nature Trust make the best use of your donation:

- Lowers administrative costs, so your dollars go directly to land securement and stewardship.
- Provides the Nature Trust with a steady, reliable source of funding, allowing us to be more efficient, to plan long-term, and to invest more dollars towards conservation.
- Allows us to respond quickly to threatened properties in critical need of protection.
- Benefits the environment! Our convenient pre-authorized debit option means less paper is used to process your monthly gift.

For a contribution of \$10/month—just 33¢ a day—the Nature Trust can:

- Preserve forever, one acre of nationally endangered plant habitat.
- Create signage for a property to ensure users protect the site.
- Ensure greater compliance with easement restrictions through a formal monitoring visit to a conservation property.
- Provide training for volunteer land steward teams so they can help protect our conservation sites.
